

# ODP Strategic Plan Fiscal Years 2024-2028

## Prevention Research: Creating a Healthier Future for All

The Office of Disease Prevention Strategic Plan outlines how our office will help create a healthier future for everyone by increasing the scope, quality, dissemination, and impact of NIH-supported prevention research.

The **Strategic Priorities** advance prevention research through innovation and collaboration.

The **Cross-Cutting Themes** provide areas of opportunity for new activities across the office and help guide our decision-making.
